Beelivery

- App:
 - Available on iPhone and Android.
 - Very easy for customers to place orders, for drivers to manage deliveries.
- Social media:
 - Facebook and Twitter webpage exist.
 - Easy for customers to contact with the company.
- Website:
 - Really good website, has everything needed on it. Instructions, FAQ, contact methods, policies...etc.
 - Also has "HELP" page for the order tracking, how to become drivers etc.

Beelivery

- **Business Performance**

- Launched in January, 2015.
- Over 10,000 registered drivers, aim to lower the delivery time to 30min in next business stage.
- Company's current funds: 84.000 GBP --- 33% of its goal
- The successfully delivered orders has been growing at an average of 15% each month since February, 2015
